

Jacobs University

Jacobs University Bremen offers you a student experience like no other in Europe: Join a campus that calls the world home! Study with over 1200 students from nearly 100 countries from all five continents, with almost 80% of your class mates being international. Make your single room your home away from home in one of our four residential colleges on our spacious and modern campus in northern Germany. Enjoy small classroom sizes and intense, multi-faceted discussions. Challenge yourself in our English-language academic programs leading to a wide range of career opportunities. Discover how the different fields of the natural sciences, electrical engineering, the humanities, and the social sciences interconnect through our transdisciplinary, liberal arts approach. Meet your professors, who are recognized as outstanding teachers, scholars and researchers with significant experience in their disciplines. Start your own research already during your undergraduate studies in Jacobs' state-of-the-art laboratories. Join one of our student-run clubs, like MUN, Debating, Newspaper club, Choir, Slacklining, Soccer, Rowing, Rugby, Basketball, Cricket, Oriental Dance, Volleyball and Martial Arts. Graduate with strong fundamental, interdisciplinary knowledge, enhance your intercultural competencies, grow as an individual, and explore your identity. Become a global leader at Jacobs University!
